Please be advised that we have numerous ways in which businesses and individuals alike can partner with us and enjoy both the satisfaction of helping people tackle their Demodex populations and enjoying the healthy profit that comes with it. As well as many other perks that Ungex offer their trusted representatives.

We are flexible with the way we can co-operate. Browse the options available to you below.

1) COMMISSION BASED

The easiest and most cost effective method to begin cooperation with Ungex. Simply refer clients to our online store. After purchase, we post products directly to their chosen postal address.

You are entitled to a commission, based off the total net (net means after expenses, e.g. shipping, merchant fees, etc.) amount of payment on each order you refer.

Referrals are recognised via unique coupon code, trackable URL (both supplied by Ungex) or direct referrals.

Commission Structure:

- A) Individual Freelancer- *5% commission*
- B) Website or ecommerce site- *10% commission*
- C) Physical location (clinic, etc.) – *Available upon application*

The method we track your referral sales is as follows:

Upon commencement, you will be supplied with the following:

- Unique coupon code. When you supply this coupon to your clients, they benefit from a discount or promotion (coupon value changes according to current promotions) and you from the applicable commission of the sale.
- Unique URL. Like the coupon, this is your own unique property. Insert in your website, social media or anywhere and any sales made will be attributed to you, and commission paid.
- One on one support with our team as needed.
- We will prepare your referral package (code, URL, etc.) and contact you ASAP.

2) SALES AGENT

Sales Agents who buy in bulk (minimum 10 Bundles to qualify) can receive a fixed percentage discount, varying according to order size. This requires perspective agents go through our application process, which requires a Standard Confidentiality Agreement and an Application Form filled, signed and returned.

A deposit upon contract completion may be applicable; this will be negotiated after application documents are received. Discounts for bulk orders differ per invoice and may increase according to order size.

Sales agents can benefit not only from generous discounts, but also company support, training, marketing and thankful customers. The beauty of Ungex is that we provide the flexibility to interlock into your own existing business plan, or start fresh a solid foundation and support.
